It's actually been three or four days now, but I finally launched the [LISD Council of PTAs](#) site, my first one that is built on the [ColdBox framework](#) . The development process is so quick and intuitive with ColdBox.

I've been extremely busy with "kids stuff" of late, so I haven't had a chance to really do much else. Hopefully in the coming days I'll be able to set some time aside to post a couple of quickie ColdBox tutorials.
