The ColdBox Platform 101 Seminar is a 2-Day Introduction to ColdBox and ColdBox Platform Application Development providing 16+ hours of intense, hands-on training with ColdBox author [Luis Majano](#) and other qualified ColdBox Trainers in an intimate setting with only 15 seats available. Attendees will be guided through a quick overview of ColdBox and then step-by-step instruction on putting ColdBox to work for themselves in their own applications. The skills learned in this seminar can be immediately applied to a developer's daily tasks.
