So I decided that I would play around with a new layout for QuackFuzed.com, and well, hopefully you're looking at it right now. Is it done? Not hardly, but I'm trying to work on it a little each night as I find time. (Find time... that's kind of like "spare time"... No, I've never seen any either.)

Anyways, pardon the mess, but hopefully even its currently-messy state the blog looks better than it did before. :-)
